

## PSYCHOSOCIAL SUPPORT

>> Population : Jehanah District

>> Ville : Sana'a, Yemen

*As part of the primary health care activities, MDM conducted Psychosocial support for the students who have been through very difficult times in the past two years, similarly to all Yemeni children who tackled the man-made war consequences.*

*The photo taken during session in Alsamh elementary School, Maswar village Feb 2017.*

### **Rina - Mental Health Workers**

Trying to get the students to express their feeling and fears. The aim of this activity is to get the children out of the circle of tension and anxiety generated due to the war and the hard time they passed through.
