Department of Health & Social Care

Guidance
Healthy Start extension: application guidance
Published 31 July 2024

Contents

- Introduction
- 1. No recourse to public funds or without any immigration status
- 2. British child aged under 4 years old
- 3. Family's earned income is £408 or less per month
- How to apply
- Contact the team

Introduction

The Department of Health and Social Care (DHSC) has extended eligibility for the [Healthy Start scheme](#) to British children aged under 4 years old whose parent or guardian meets the financial eligibility criteria and is either:

- subject to a no recourse to public funds (NRPF) condition (as attached to their immigration permission)
- without any immigration status

To qualify for the extension, you must meet all of the following criteria:

General

- <20 FTE
- Budget £1,2 million
- Small shared office space
- MT changeover
- Streamline domestic programs
- Limited funding in UK for the above
- Focus on Policy work
- Promote partnership working
- Prioritize outreach/mobile work

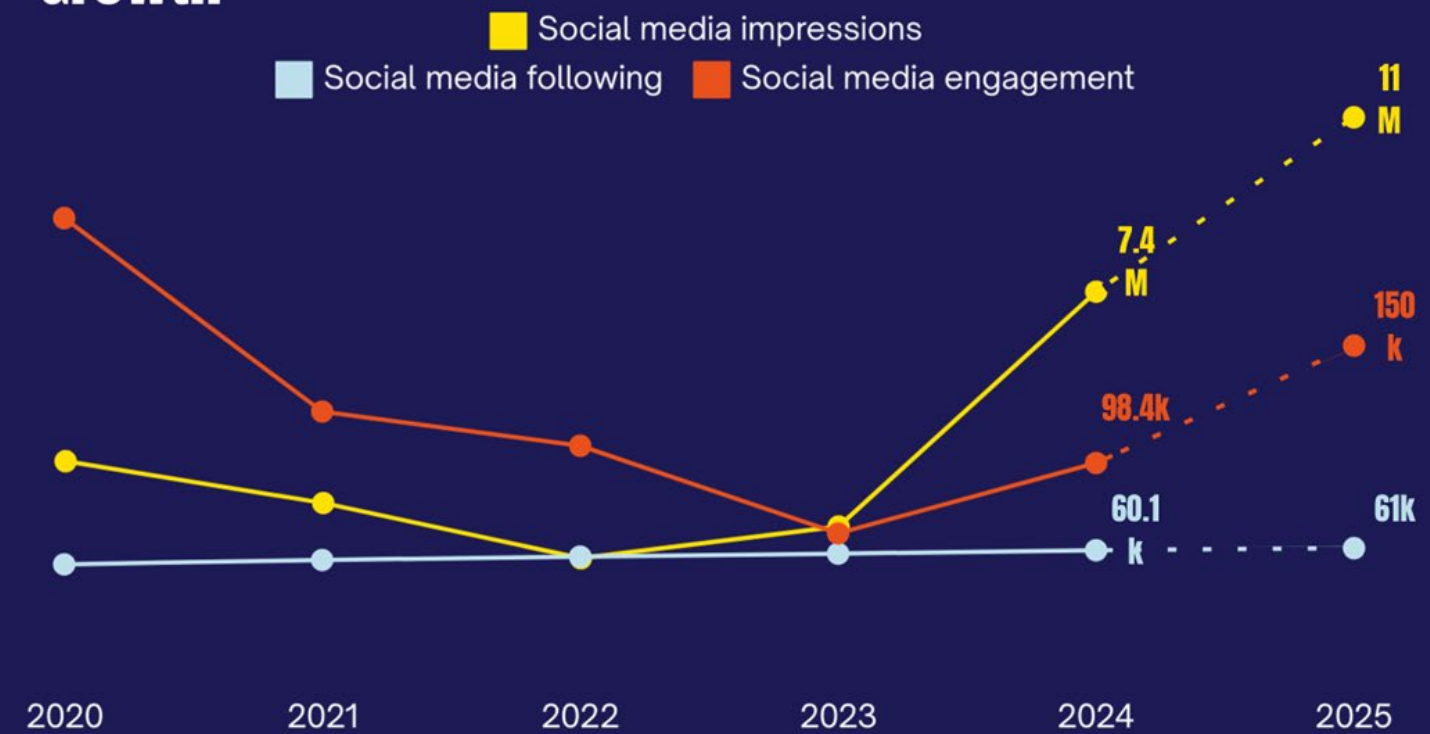

Supporters

- London clinic to close April 2025
- 2025 Strategic planning year
- Agile & responsive – streamline domestic programs
- Access to international funding – additional staff (FR, Be & Sp)
- Increase support to Comms - investment
- Increase supporter growth

Supporters

I've got to admit it's getting better.
It's a little better all the time.
